STATE-IMPOSED REQUIREMENTS:

This directive contains some State imposed requirements. These requirements are indicated by ***bold, italic type***.

FILING INSTRUCTIONS:

Retain this directive until further notice.

BACKGROUND:

The Workforce Investment Act (WIA) requires that states reach agreement with the Secretary of Labor on state-level performance goals for the 15 WIA Title IB core performance measures and two measures of customer satisfaction. In addition, WIA Section 136(c)(2) states that the LWIB, the chief elected official, and the Governor shall negotiate and reach agreement on the local levels of performance. Working in collaboration with the California Workforce Investment Board, the Employment Development Department's (EDD) Workforce Services Division (WSD) has been delegated the responsibility for the negotiation of the State and local performance goals under the WIA Title IB. The performance measures are described in WIA Section 136 and defined in detail in the Training and Employment Guidance Letter (TEGL) [17-05](#), *Common Measures Policy for the Employment and Training Administration's (ETA) Performance Accountability System and Related Performance Issues*, dated February 17, 2006.

POLICY AND PROCEDURES:

Attachment 1 to this directive provides the State's proposed LWIA performance goals for PY 2006-07. *The LWIBs wishing to renegotiate these goals should prepare their proposals and submit them to the WSD for consideration no later than April 20, 2007. The Adult, Dislocated Worker, and Older Youth Credential/Certificate rates have been set at the State goal. These are not subject to negotiation.*

When reviewing the proposed performance goals please note the following changes in the definitions of the performance measures.

Adult, Dislocated Worker and Older Youth Programs

The definition of a credential under the Employment and Credential Measures has changed for clients entering the program on or after July 1, 2006. Because of the lag in the data associated with the performance measures linked to employment, this definition change only applies to one quarter in the Program Year (PY) 2006-07 Entered Employment performance cohort: and only to those clients entering the program on or after July 1, 2006 and exiting the program on or before September 30, 2006. In future years, the new definition will apply at point of exit to all clients with a participation date on or after July 1, 2006.

Guidance in TEGL [17-05](#) renames the Employment and Credential Measure to the Employment and Certificate Measure and states that a certificate “is awarded in recognition of an individual’s attainment of measurable technical or occupational skills necessary to gain employment or advance within an occupation. These technical or occupational skills are based on standards developed or endorsed by employers. Certificates awarded by workforce investment boards are not included in this definition. Work readiness certificates are also not included in this definition.”

Adult and Dislocated Worker Program Only

The Adult and Dislocated Worker Earning Change measures are now defined as Average Earnings measures. Guidance in TEGL 17-05 states the methodology for calculating the Average Earnings Measure is effective July 1, 2006. This is a post-program wage measure and it does apply retroactively to exiters in the PY 2006-07 performance cohort.

Youth Program

Except for the change stated above, there are no other changes to Youth definitions for PY 2006.

If a LWIB wishes to renegotiate one or more of the State’s proposed performance levels, please considering the following:

- ***The Governor’s performance goals for PY 2006-07;***
- ***Local area economic conditions, client characteristics and the service mix***
- ***The degree to which the proposed goals reflect continuous performance improvement.***

To initiate the negotiation process for PY 2006-07, a LWIA should send a performance proposal to:

***Bob Hermsmeier, Chief
Workforce Services Division, MIC 69
Employment Development Department
P.O. Box 826880
Sacramento, CA 94280-0001***

Letters must include the following information:

- ***The LWIB’s desired performance goals.***
- ***The rationale for the proposed performance goals based on the economics, demographics and service mix within the LWIA. This analysis should explain how these goals promote continuous improvement.***
- ***A designated contact person responsible for the local performance negotiation process.***

Letters must be received no later than April 20, 2007, and signed by the chair of the LWIB or the Chair's designated alternate. (Note: Alternates must be formally designated by official action of their respective boards or action by the Chief Elected Official for the LWIA.) The LWIB should be notified in a public meeting upon completion of the negotiation process with State staff.

ACTION:

This directive should be called to the attention of the Chief Elected Official (CEO) and the LWIB for consultation. The LWIBs, LWIA administrators, and staff should carefully review their proposed performance goals. The CEO and LWIB should take immediate action to prepare alternative performance proposals for PY 2006-07, if there are sufficient data to support renegotiation.

INQUIRIES:

Questions regarding this policy and procedure should be directed to Cassandra Dunlap in the Workforce Services Division Data Analysis Unit, at (916) 654-5181, or the [Regional Advisor](#) assigned to your LWIA.

BOB HERMSMEIER
Chief
Workforce Services Division
